

- Open the poster.css. You'll notice that there are already CSS properties for the div containing the different parts of the poster.

```
div {  
    text-align: center;  
    overflow: hidden;  
    border: 2px solid black;  
    width: 300px;  
}
```

- Let's start by altering the text-align property:
- What happens when you change the word center to left or right?

```
text-align: center;
```
