

- Let's add a little more HTML and CSS to improve your webpage.
- You can add a horizontal line at the end of your recipe, by using the `<hr>` tag.

```
<h3>Method:</h3>
<ol>
  <li>Peel the banana and add to
  <li>Add the milk and ice cubes
  <li>Turn on the blender for 30
  <li>Drink!</li>
</ol>

<hr>
```

Notice that this tag doesn't have an end tag, just like the `` tag.
