

Inline style

- Finally there you will also see the “Inline style”

```
<h1 style="color:blue;margin-left:30px;">This is a heading</h1>
```

- But in general this is a BAD BAD BAD idea. Can you guess why?

Separation of Concern!
DO NOT USE INLINE
STYLE !!!!!!!!!!!!!

```
<h1 style="color:blue;margin-left:30px;">This is a heading</h1>
```
