

- Change the width of the poster to 400px. What happens to the poster?#
- Let's add some CSS to set the background colour of the poster. Go to the end of line 5 of your code and press return, so that you have a new blank line.
- Type the following code on your new blank line:
- background: yellow;

```
div {  
    text-align: center;  
    overflow: hidden;  
    border: 2px solid black;  
    width: 300px;  
  
}
```

- Add the following CSS property to your div style:
- **border-radius: 40px;**
- What does this property do? What happens if you change the number in the code above?
