

- Next, let's explain how to make the banana milk shake
- Using ordered list. ,
 - An ordered list is a numbered list, which you should use when the order of the steps is important
- Add this under your ingredients. Make sure it is still inside the <body>

```
<h3>Method:</h3>
```

```
<ol>
```

```
</ol>
```

Banana Milkshake

Ingredients:

Ingredients:

Ingredient	Amount
Banana	1
Milk	250ml
Ice cubes	3

Method:

- Now you just need to add list items into your new ordered list:

```
</table>
<h3>Method:</h3>
<ol>
  <li>Peel the banana and add to the blender</li>
  <li>Add the milk and ice cubes to the blender</li>
  <li>Turn on the blender for 30 seconds</li>
  <li>Drink!</li>
</ol>
```

Banana Milkshake
